		<p>to have potential environmental concern due to significant levels of several pesticides. As of July 2019, the wet cake was no longer permitted by NDA as a soil conditioner. Program has reached out to OPP and plan to reach out to NDEE. Unclear whether they are looking for a joint workgroup effort or have EPA provide recommendations. Following meeting with NDEE, program will follow-up with OPP to initiate a more in-depth discussion and continue to work with NDEE and NDA as appropriate.</p> <ul style="list-style-type: none"> <li>• EPA will be hosting the upcoming webinar <i>Cleaning for Health: Proactive Plans to Effectively Clean and Promote Healthy IAQ in Schools</i> on 8/6/20. The webinar will cover how to tailor cleaning and maintenance procedures to help implement cleaning and disinfecting guidance for schools to reduce the spread of viruses and bacteria.</li> </ul>
